CHAIRPERSON'S

REPORT

IT IS OUR HONOR and humble privilege to serve as your Chairperson and President/CEO!

As with previous years, 2023 brought us many transitions, economic landscape changes, and opportunities as we look to the future.

The Board of Directors and senior management team spent a significant amount of time in 2022 and 2023 strategizing around how to expand our market and grow the organization. As we analyzed data collected through member feedback and nonmember surveys, it became very clear that our name, Linn Area Credit Union, was limiting us geographically and creating a misperception that only Linn County residents could bank with us. Even though we continue to grow in balance sheet totals, or total deposits and loans, a review of 20+ years of organizational history confirms that we have remained stagnant in overall numbers for membership growth; we are deepening our relationships with existing members, but not increasing the number of individual members served.

Linn Area Credit Union will become Corda Credit Union on May 6, 2024.

As we moved through the process of creating our new name, it was vital to honor and preserve our deep history of serving with compassion and expertise. Corda is Latin for "hearts," which is fitting for a credit union that wears its heart on rolled-up sleeves. We are deeply committed to serving our membership and our communities with heart, helping to build futures that people can be proud of. As we become Corda Credit Union, we will continue to be able to offer competitive products and services to our full, multi-county field of membership.

In 2023, we continued to focus on bringing you value by enhancing and implementing a variety of products and services.

Expanded Branch, Drive-Thru & Call Center Hours

We enhanced our hours of operation to better serve our members.

Our call center and drive-thru lanes are now open earlier and stay open later.

Call Center Updates

In early 2023, we refined our call center's "skill-based routing" processes, so that your call is sent directly to the department best suited to answer your questions or concerns. This has significantly reduced call volume and wait times for our members.

NewBo City Market

In 2023, Linn Area Credit Union partnered with NewBo City Market to host the Emerging Entrepreneur of the Year competition. The \$10,000 sponsorship supports local businesses and provides the winner of the competition free rent for a year at the Market.

United Way of East Central Iowa

Linn Area Credit Union has an ongoing commitment to the United Way of East Central lowa. In 2023, we contributed more than \$21,000, which is a combined total of employee payroll deductions and the company donation.

Emerging Entrepreneur of the Year

Linn Area Credit Union and NewBo City
Market co-hosted the first-ever Emerging
Entrepreneur of the Year Competition in
March 2023. The two-day event featured
educational seminars and networking on
the first day. The next day, the eight finalists
sold their products and services to the
public at a special guest vendor fair. Each
finalist then presented a business pitch to a
panel of judges from Linn Area Credit Union
and NewBo City Market. The finalists were
graded on a series of criteria that included
their business plan, booth display, and sales.

Restaurateur and chef Kwai Butler won the competition and received rent-free space for a year at NewBo City Market, courtesy of Linn Area Credit Union. She also received one-on-one business-development mentoring from NewBo City Market and Linn Area Credit Union. On June 1, 2023, she opened Oja, a Korean-inspired restaurant, at NewBo City Market.

The financial strength of our organization

is of utmost importance as we strive to be your trusted financial institution. We use a variety of metrics to evaluate financial stability, and we want to assure you that Linn Area Credit Union is a very strong and financially secure organization!

We ended 2023 with almost \$670 million in total assets, an increase of 8% from 2022's year-end total of \$620 million in assets. Our continued profitability allows us to both invest in the growth of the organization and return those profits to you, our members, in the form of preferred interest rates on both loan and deposit products.

Our net capital ratio, which is the ratio used by our regulators to evaluate financial stability, was 10.01% at the end of 2023, an increase from 2022's year-end ratio of 9.86%.

Regulators require a minimum of 7.00% for a credit union to be considered well-capitalized.

We have grown in net deposits year-over-year by almost \$35 million, or 7.24%, from the end of 2022. This steady growth has given us the opportunity to not only serve our membership regarding their deposit needs, but also to lend those dollars back to our membership for their borrowing needs.

We have consistently grown our loan portfolio throughout the year, and it continues to remain healthy and strong. We appreciate your loyalty when turning to us for your borrowing needs and for honoring your obligations.

Our talented and caring lenders made over 7,000 loans with balances over \$172 million during 2023. We ended 2023 with loans on our books totaling almost \$573 million.

Margaret Eichhorn, Committee Chair

We helped make 368 mortgage loans of almost \$24 million to finance and/or refinance our members' dream homes at premium interest rates. The remaining \$148 million in loans originated in 2023 financed autos, recreational vehicles, home improvements, personal loans, small business loans, and numerous other needs of our members. We are extremely proud of the impact we make in our community by providing attractive programs with consistently competitive and favorable loan products and interest rates.

On behalf of the Finance Committee and our dedicated staff, please accept our deep appreciation for putting your trust in us. We look forward to continuing to serve you and meeting your needs

LONG INTO THE FUTURE.

BOARD GOVERNANCE NOMINATIONS

The Board Governance & Nominations Committee is pleased to report

that Linn Area Credit Union dedicated a significant amount of time and resources in 2023 to refining our board governance and following best practices in board oversight.

Our structure consists of four operating committees. The Board Governance & Nominations Committee is responsible for overseeing board membership and reviewing credit union policies. The Finance Committee oversees both the credit quality of lending practices and the financial strength of the organization as a whole. In addition to handling internal and external audits, the Audit Committee is responsible for the oversight of organizational risk, such as IT and security concerns. The Personnel Ad Hoc Committee meets annually to ensure human resources and employee compensation best practices are implemented throughout the organization, to attract and retain the best talent to serve you - our members!

Associate board members play an active role in our ongoing board structure and committee activities for recruitment, onboarding, and training. They are non-voting members who ensure continuity through changes at the board level and are essential to the succession planning of our Board of Directors.

Committee 있(이(토)(의 R

Nick Wagner, Committee Chair

Our monthly board meetings continue to use a consent agenda format designed to streamline the decision-making process. Each committee is responsible for thoroughly reviewing routine items and having in-depth conversations about specific details before presenting them to the board for approval. Utilizing this format and working collaboratively amongst the committees allows the board to focus on strategic initiatives and global items affecting the credit union and its membership throughout the year.
